Dear ADWR:

In reviewing Reports of Groundwater Withdrawals (Schedule A) for the past several years we have found some inconsistencies. Data may have been reported for well #55-618006 that should have been listed for 55-618806.

Enclosed is a completed Request to Change Well Information form for Well 55-618006. This well is not owned by Sun Land Beef Co. nor is it located on this property. We are unaware of its location or owner.

Sun Land Beef Co. has three wells located 651 S. 91st Avenue, Tolleson, AZ 85353. All three wells are located at NE NW SW 10 1.0N 1.0E. They are:

- ✓ 55-500078 (Active East Well)
- 55-618806 (Active West Well)
- 55-618807 (Closed)

In the past Sun Land Beef Co. may have mistakenly submitted information on worksheet W-1 under well # 55-618006. This information belongs to well #55-618806. Please note that Sun Land Beef Company is three words. I believe you have in your files some of our wells listed under Sunland Beef Co. (3 words) and others under Sun Land Beef Company (4 words). Four words is the correct spelling.

Feel free to call me direct at (623) 476-4182 if you have any questions about this request.

Sincerely,

Kathy Jerik

COMPLETION REPORT

1. A Completion Report is to be filed with the Department within 30 days after installation of pump equipment.
2. The tested pumping capacity of the well in gallons per minute for a non-flowing well should be determined by measuring the discharge of the pump after continuous operation for at least four hours and for a flowing well by measuring the natural flow at the land surface.
3. Drawdown of the water level for a non-flowing well should be measured in feet after not less than four hours of continuous operation and while still in operation and for a flowing well the shutin pressure should be measured in feet above the land or in pounds per square inch at the land surface.
4. The static groundwater level should be measured in feet from the surface immediately prior to the well capacity test.

Dear Gentlemen

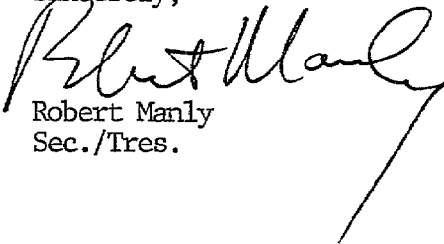

Enclosed is the application for Southwest Beef, Inc to replace an existing well at our facility in Tolleson.

One of our two existing wells has been determined to be nonpotable. We have drilled a test well to determine the optimum level a new well should be drilled to.

It must be emphasised that this is a request to replace existing well capacity with no additional water usage.

If I may be of any assistance or can answer any questions, please do not hesitate to call me

Sincerely,

Robert Manly

Dear Well Owner:

A copy of Notice of Intention to Drill a Well is returned to you for your records. Your driller has been mailed a Well Drilling Card, Well Drilling Report, and a Completion Report.

ARS 45-600 requires the driller to furnish this Department a complete and accurate Log of Well within 30 days of completion of drilling, and a Completion Report within 30 days after installation of pumping equipment.

Also enclosed for your future use is a Change of Well Information form. Per ARS 45-593, the person to whom a well is registered shall notify this Department of a change in ownership of the well and information pertaining to the physical aspects of the well to keep the well registration record current and accurate.

In the event it is necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling.

Sincerely,

A handwritten signature in dark ink, appearing to read "R. A. Gessner", is written over a horizontal line.

DEPARTMENT OF WATER RESOURCES
 NOTICE OF INTENTION TO DEEPEN OR REPLACE AN EXISTING WELL
 EXISTING NON-EXEMPT WELL IN THE SAME
 LOCATION WITHIN AN ACTIVE MANAGEMENT AREA

Section 45-596, Arizona Revised Statutes, provides: In an area subject to Active Management, a person may not drill or cause to be drilled a non-exempt replacement well in approximately the same location or deepen an existing non-exempt well without first filing a Notice of Intention to Drill with the Department on a form prescribed and furnished by the Department. The well shall be completed within one year after the date of notice.
